

## Massachusetts Energy Efficiency Programs

### Massachusetts Technology Assessment Committee (MTAC)

#### **Non Residential Technologies**

#### **Technology Assessment – Submission Checklist**

Technology to be Assessed \_\_\_\_\_

Submitted by (Company name) \_\_\_\_\_

Contact Information:

- Name \_\_\_\_\_
- Telephone \_\_\_\_\_
- Email \_\_\_\_\_

Date of Submission: \_\_\_\_\_

---

Please confirm that the following materials have submitted to the Massachusetts Technology Assessment Committee at the address listed in the MTAC requirements document. Please submit this completed checklist with all vendor applications for MTAC review.

#### **Section One- General Requirements**

- \_\_\_ Brief Description of Technology
- \_\_\_ Identify Appropriate Application of Technology
- \_\_\_ Confirmation of National Lab Testing
- \_\_\_ Confirmation that Technology Does Not Void Manufacturer Warranty
- \_\_\_ Compliance with State or Federal Codes

**-General Requirements, *continued***

- \_\_\_ Confirmation of Commercial Availability
- \_\_\_ Detailed Documentation of Prior Installation at Least Two Locations
- \_\_\_ Identification of Prior Energy Efficiency Program Assessment or Eligibility
- \_\_\_ Estimate of Approximate Installation Cost

**Section Two- Estimation of Energy Savings**

- \_\_\_ Identification of Engineering Formulas for Calculating Savings
- \_\_\_ Confirmation that Savings can be Measured with Metering Equipment
- \_\_\_ Description of field metering requirements
- \_\_\_ Identification of Appropriate Operating Parameters for Metering

**Section Three- Additional Data for Assessment of New Technologies Not Commercially Available**

- \_\_\_ Detailed Engineering Description
- \_\_\_ Identification of Local Test Site

---

MTAC contact information is as follows:
