Additional Comments:**Note:**

This Mass Save C&I Loan Subsidy Authorization does not constitute approval of a loan. Participation in the Mass Save C& I Loan Program is contingent upon being approved for a loan from a participating Lender.

The Mass Save C&I Loan Subsidy is a component of the total incentive package offered to the Customer. Upon a Mass Save C&I Loan approval, the Mass Save C&I Loan Subsidy is payable only to the Lender. The Mass Save C&I Loan Subsidy does not constitute a cash offer to the Customer.

The maximum Mass Save C&I Loan term is 7 years. Some Lenders may have a lower maximum limit for the Mass Save C& I Loan.

A list of participating Lenders, including a summary of applicable fees, charges and maximum loan amounts can be obtained at www.masssave.com.

The interest rate for the loan will be determined by the Lender pursuant to the Mass Save C& I Loan Agreement. Any fees that may be required by a Lender are not eligible to be included in the Mass Save C& I Loan.

Estimated savings are hypothetical. Actual savings will vary dependent on actual costs, kWh savings, avoided \$/kWh and Lender's terms & conditions.

Any change to the above work or totals requires a new C&I Loan Authorization Form to be issued by the Responsible Program Administrator.

Mass Save loan subsidies are for a limited time and are subject to funding availability and Mass Save program terms & conditions.
