

**Mass Save® Deep Energy Retrofit (DER) Pilot Program  
Participating Contractor and Design Consultant List**

The Program Administrators of Mass Save have no contractual relationship and **do not guarantee** the work of the following contractors and design consultants. Homeowners should use the same level of care in selecting their project team as one would with any home upgrade or maintenance project. The contractors and design consultants have met the Mass Save DER measure requirements through their company's previous experience with high performance homes.

The company selected must have an active role on the jobsite throughout construction.
