

# Heat Loan

## Eligibility, Loan Options and Lender List

The Mass Save® HEAT Loan Program offers customers the opportunity to apply for a 0% loan for the installation of qualified energy-efficient improvements in their homes. **A HEAT Loan Authorization Form is required before a customer can apply for a loan with a Participating Lender.** Some lenders may require additional documentation with the HEAT Loan Authorization Form. Please reach out to your desired lender for a complete list of required documentation. (This does not exclude customers from receiving a pre-qualification for a loan based on an estimated amount from a participating lender).

**BEFORE YOU GET STARTED:** For full details about the HEAT Loan process and equipment standards, review the HEAT Loan Steps to Participate form, Eligibility & Loan Options form, and Minimum Standards/Requirements by equipment type.

The following is the most recent list of lenders that have agreed to participate in the HEAT Loan Program. **Maximum loan amounts and loan type can vary by lender.** All loan options and terms are listed below for each lender. All Credit Unions require you to become a member. Lender pre-approval options are provided for customers that chose to obtain a loan pre-qualification before receiving the HEAT Loan Authorization Form.

### LOAN OPTIONS

Eligible Customer	Type	Loan Amount	Loan Term
Owner Occupied	Micro Loan	\$500 - \$2,000	24 Months
Owner Occupied	Standard Loan	\$2,001 - \$15,000	Up to 84 Months
Owner Occupied	Enhanced Loan	\$15,001 - \$25,000	Up to 84 Months
Non-Owner Occupied	Rental Property Loan	\$5,000 - \$25,000	Up to 84 Months

### HEAT LOAN PROGRAM ELIGIBILITY REQUIREMENTS

- For qualified customers participating in the Mass Save Home Energy Services Program.
- Customer must own the home and have a current residential electric account.
- Customer can only finance qualified energy efficient measures under the HEAT Loan.
- Customers MUST obtain a HEAT Loan Authorization Form from the HEAT Loan Administrator prior to applying for a loan with a Participating Lender. (This excludes obtaining pre-qualification from a Participating Lender.)
- Participation in the HEAT Loan Program is contingent upon loan approval from a Participating Lender.
- **Municipal electric customers that heat with natural gas** are eligible to participate in the HEAT Loan Program for all measures except Central AC and all types of Heat Pumps.

### Condo units in a complex

- **All residential electric, and natural gas, individually metered condo units are eligible** to apply for HEAT Loan financing for eligible measures and do not need to

complete a Home Energy Assessment. If you have not received a copy of the Condo Guidelines, or need assistance, contact your HEAT Loan Administrator.

- Condos that are master metered in condo complexes, and units that are heated with oil or propane, are NOT eligible to participate in the HEAT Loan Program

### LOAN OPTIONS

- **Loan type, as well as minimum and maximum loan amounts offered can vary by Participating Lender.**
- Loans are unsecured or secured depending on the options offered by the lender.
- Refer to the HEAT Loan Participating Bank/Credit Union (Lender) List at MassSave.com/HEATLoan for a list of lenders.
- To see if you qualify for a HEAT Loan, you may choose to obtain pre-approval from one of the HEAT Loan Participating Lenders.
- The maximum loan amount per building is \$25,000.
- Interest costs for HEAT loans are prepaid for the entire term by the sponsors once the loan is closed.

### TERMS & CONDITIONS

- Eligible customers have the opportunity to apply for a 0% loan and to obtain applicable sponsor rebates for the approved measures installed.
- All payment arrangements — including payment of any required initial deposits, subsequent or final payments, along with payments schedule — are solely between the contractor and the customer.
- The Terms and Conditions listed on the HEAT Loan Intake Form are subject to change or cancellation without notice. This year's program will end on December 31, 2018.
- **If the measures installed do not meet the program requirements or are not installed,** the customer is only liable for the interest costs and the repayment for the amount of the HEAT Loan interest buy down associated with the measure. This can be paid out of the unspent funds.
- Prepaying the lender does not satisfy the interest cost reimbursement for non-installed or ineligible measures. The customer must contact the HEAT Loan Administrator to work out repayment details.

All Credit Unions require you to become a member. When the application and proposals are received, Mass Save loan administrator will perform an Eligibility Review, and issue a HEAT Loan Authorization Form. Customers will NOT be able to apply for a loan with a Participating Lender before obtaining a HEAT Loan Authorization Form. (This prohibition does not include obtaining pre-qualification from a participating lender.)

Last Updated 03/06/18

For an Updated HEAT Loan Participating Lender List please visit [www.MassSave.com](http://www.MassSave.com)
